

At Media Shark everybody is welcome, valued and included. We work as a team to build and deliver **Wow Projects!**

Technology plays a pivotal role in helping non for profit organisations provide accessible information, deliver learning tools and connect some of our most vulnerable members of the community.

Our non for profit initiative is designed for eligible non for profit companies, allowing them to automate. We provide discounted pricing to enable non for profits and registered charities to do good things - price will not be a barrier at Media Shark.

### Inclusions

- Media Shark Company Director as main point of contact throughout entire project
- The entire Media Shark team will be involved in the project and will be committed to the goals and values of your organisation
- A simple, streamlined onboarding process including in person/virtual presentations to additional stakeholders/board of directors if required
- Demo's of similar platforms we have already built to provide general overview of Media Sharks capabilities
- All pricing based on cost price for design and development
- Unlimited strategy and scoping sessions
- All design notes will be written in accessible and inclusive language
- 3 months complimentary maintenance and support once software deployed
- Credit applications available on request and approval

### Required Documentation

Australian Charities and Not-for-profits Commission documentation

*"You cannot get through a single day without having an impact on the world around you. What you do makes a difference, and you have to decide what kind of difference you want to make"*

- Jane Goodall
